Tests & Declarations

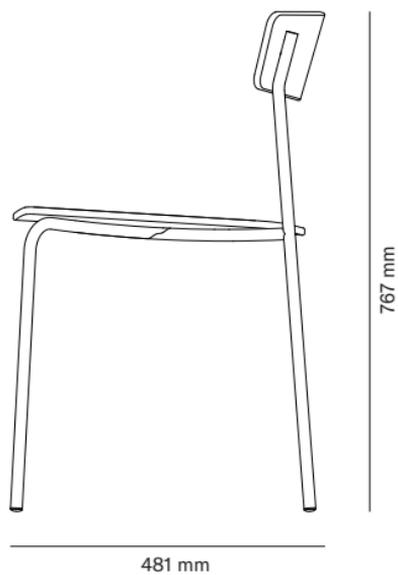

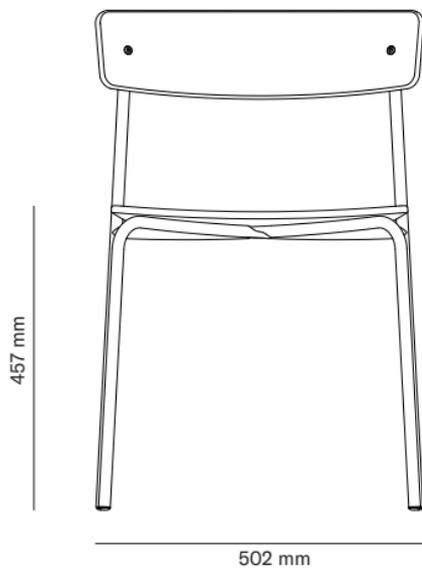

The chair has passed the furniture test EN-16139 - L1

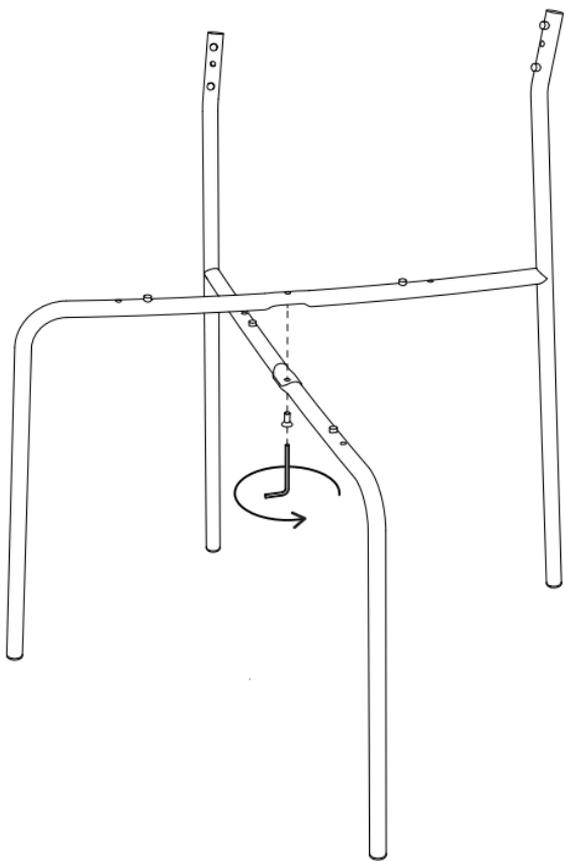

The chair is not treated with or containing disinfective biocides.

The mark of
responsible forestry

Dimensions

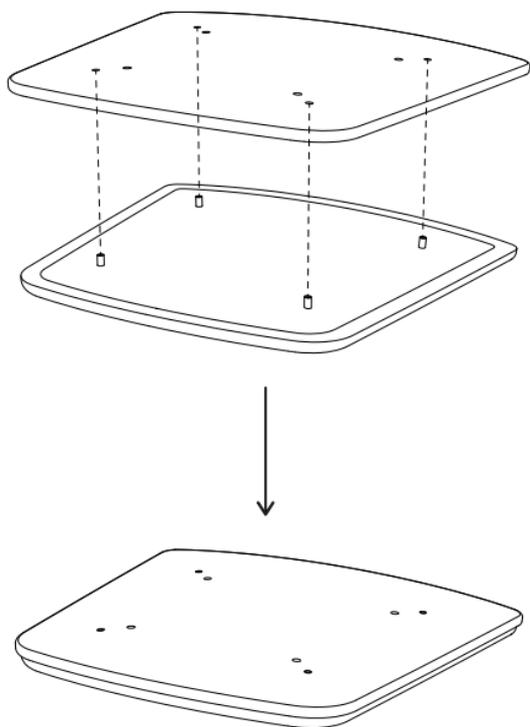

6

Optional

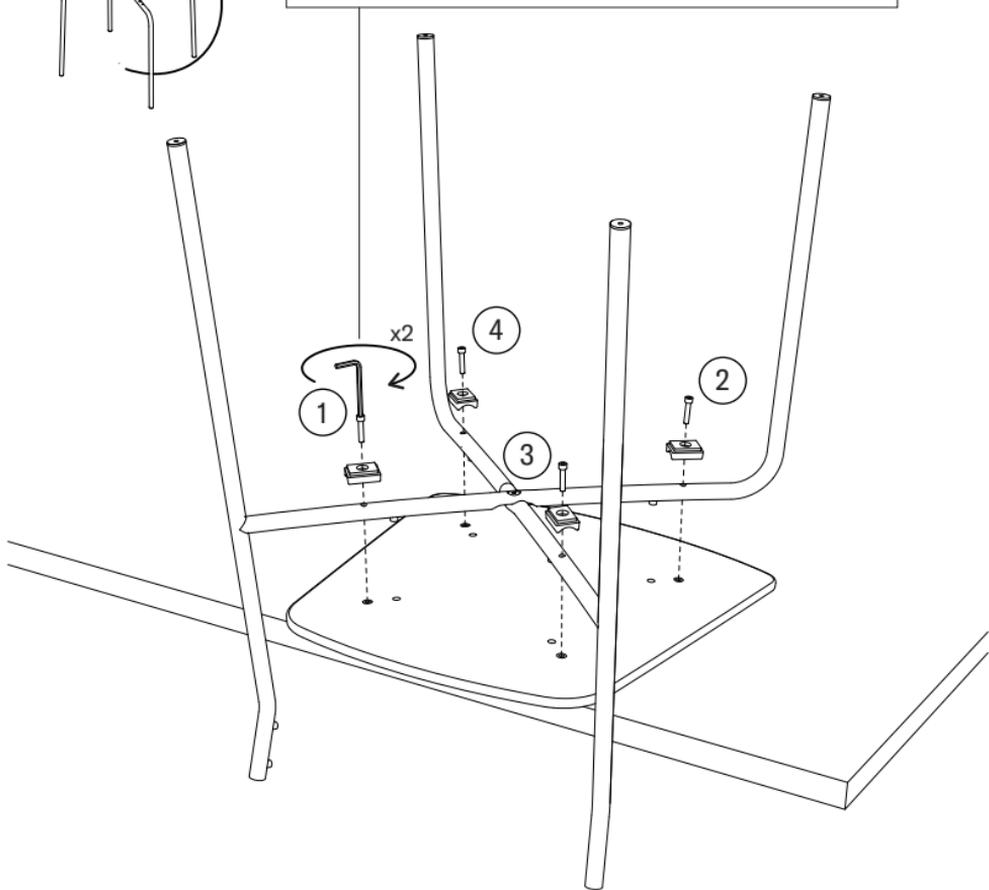

If you are mounting an upholstered seat pad - place it on the wooden seat as showed here before mounting it on the metal frame.

Important note!

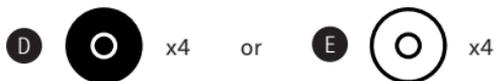

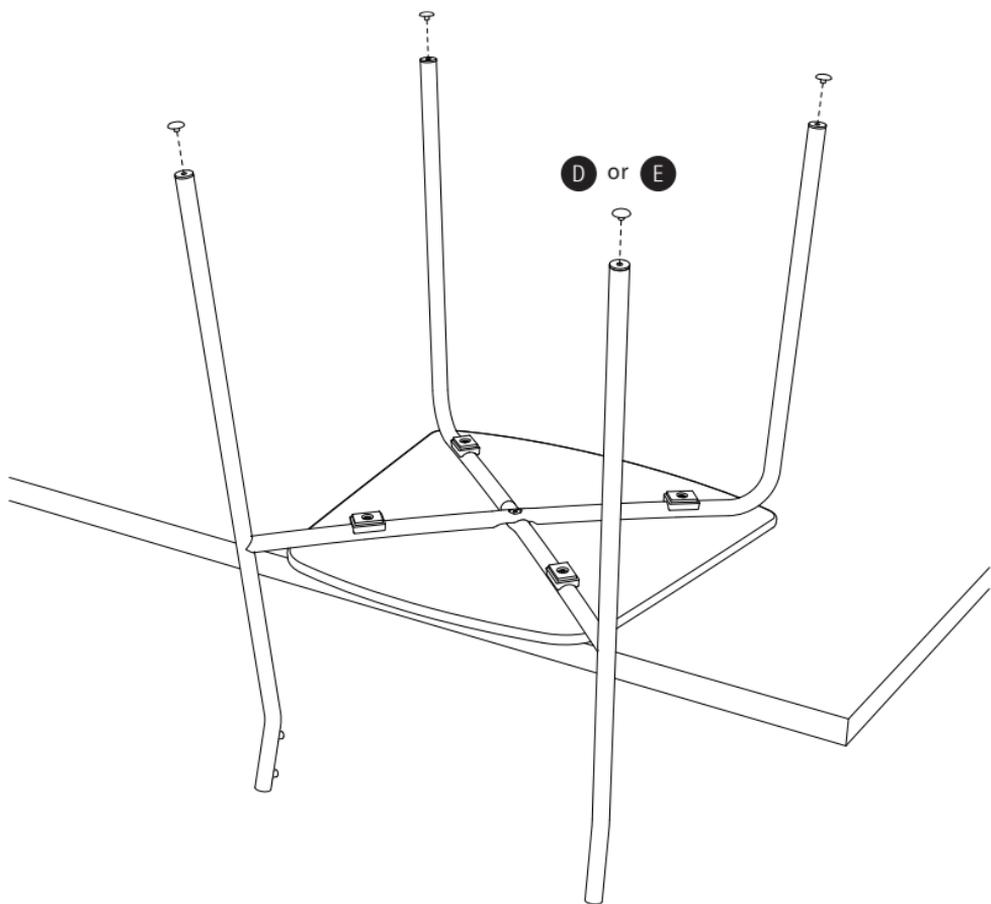

Turn all screws in sequence 1 to 4 - ONLY two rounds.
Make sure the screw easily grips the thread.

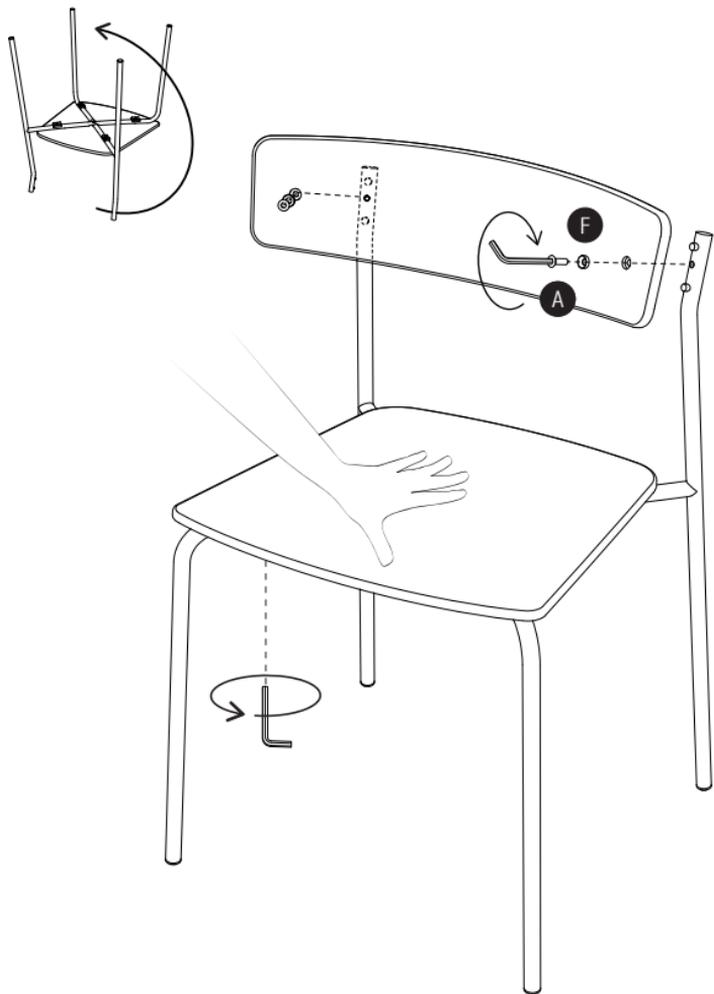

8

The chair must be fitted with either felt gliders for hard surfaces or
plast glides for soft surfaces such as soft floors (carpets, etc.)

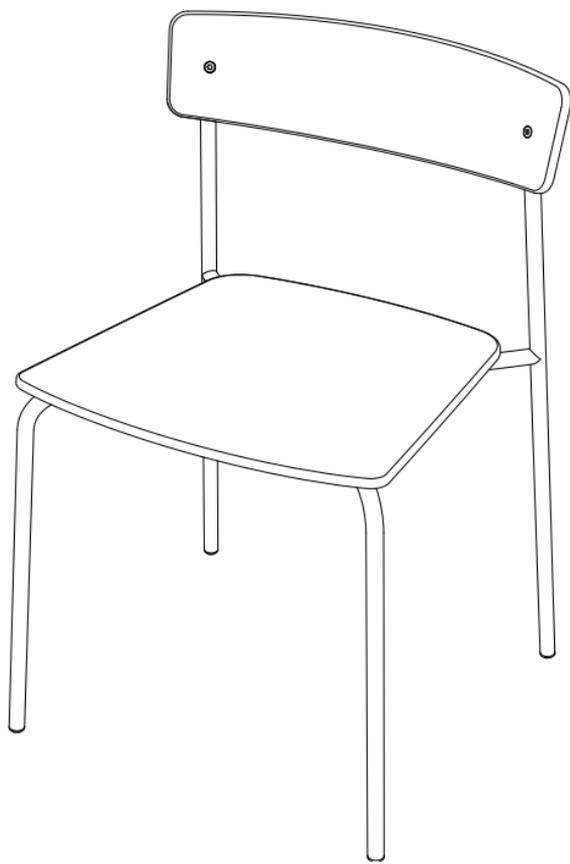

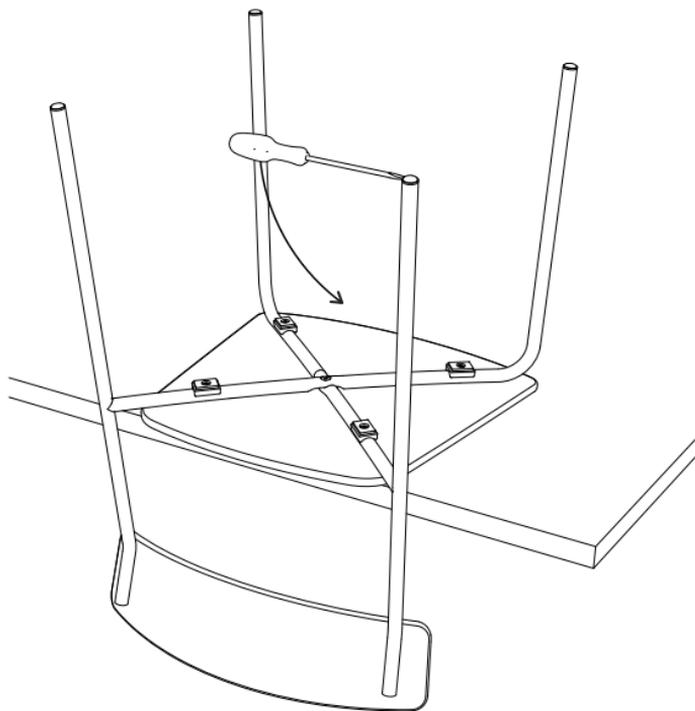

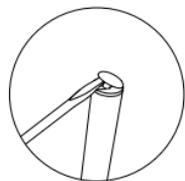

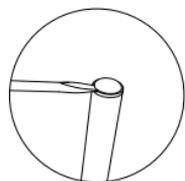

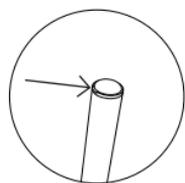

10

Push down on the seat and make sure all legs are touching the floor. Then tighten all screws. **Notice:** Do **not** over-tighten.

Enjoy your new chair

You can later exchange the glider by placing screwdriver
in groove and push down

Additional Information

TAKT provides an extended warranty of 5 years on 'T01 Cross Chair Tube'.

Warranty

TAKT provides an extended warranty of 5 years on 'T01 Cross Chair Tube'. The warranty covers breakage of components and damage occurred because of deficient craftsmanship under normal use.

The warranty shall lapse if the product shows signs of inappropriate use or other physical damage. The warranty does not cover wear or damage to upholstery, gliders, wheels, surfaces and the like.

Maintenance

TAKT maintenance guide is accessible on our web site

[www.taktcp.com/
product-care/](http://www.taktcp.com/product-care/)

Spare Parts

TAKT offers spare parts for 'T01 Cross Chair Tube'. Spare parts are available from TAKT without charge for a period of 5 years from the date of purchase if the parts are found to be faulty during normal use. If the parts are damaged by misuse spare parts can be bought from TAKT.

TAKT always strives to deliver spare parts to you in the fastest and most efficient way in order for your furniture to return to a functional condition.

Please contact TAKT for inquiries regarding spare parts.

Recycling & Disassembly

We hope that your TAKT product will serve you well for many, many years.

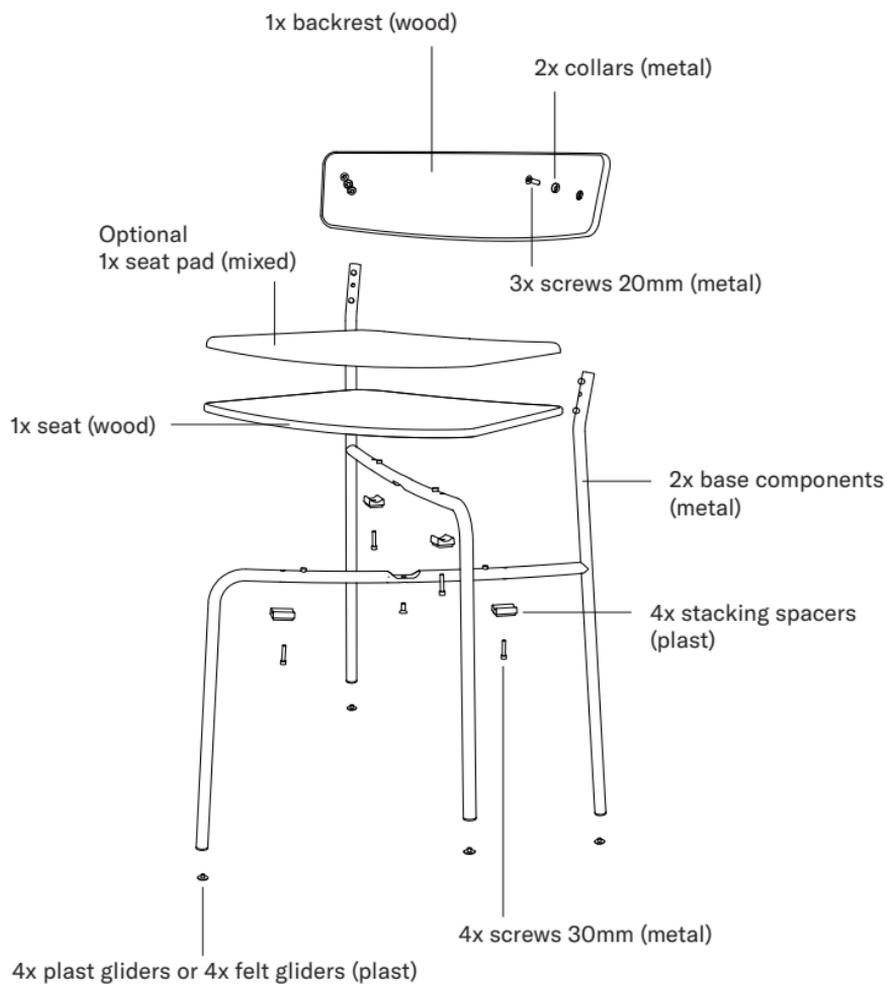

If you at one point want to recycle it, please separate it into components for sorting.

Untighten screws by turning the Allen key counter clockwise to separate the different parts.

Metal parts, wooden parts and plastic parts can be delivered to a suitable recycling facility and be recycled.

Mixed material parts can be delivered to a recycling facility for suitable disposal.
